

## Summer Theatre 2015 Junior Staffers Application

The Maple Shade Arts Council is looking for 4-6 students, ages 16-18, who would like to become a junior staffer for our summer theatre and production of "Shrek Jr". The job of a junior staffer is to assist the production in all sorts of capacities, including, but not limited to...stage managing, set construction, props, lighting, costumes, camper supervision, sound, etc. Not only is this a great way to help out in the community, but it is a great way to gain theatrical experience. Each position will be paid a small stipend of \$150.00. All applicants should treat the position as a job and will be considered role models for our young campers. If interested, please send a typed word document on why you would like to help, what skills you can offer, and any previous theatrical experience. If you have a recommendation letter, it will also be counted. Finally, if you have any unavailable days, please make note of them in your letter.
