

Corporate Sponsorship Opportunities

The Maple Shade Arts Council is a non-profit organization comprised of educators, parents, and community members whose objective is to provide artistic programs and events that will be entertaining, educational, and inspirational for the community. The Arts Council’s programming emphasizes theatrical productions and workshops, yet also includes programming for the fine and performing arts.

For the past 10 years, MSAC has been producing shows and helping actors make their dreams come true. Just last year, we were able to put on The Wedding Singer, The Jungle Book, Jr., and The Little Mermaid, Jr., and they were all a huge success. This year, we hope to do the same with Seussical Kids! Our cast and crew have been working hard to help bring Seussical Kids to life (show dates April 26-28, 2024)! All this work is made possible by the generosity and support of our community!

Corporate sponsorships are one way to help Maple Shade Arts Council, a 501(c)3, to grow and continue to cultivate the artistic development of the children and teens in our theater program!

We have the current sponsorship opportunities:
